

TL13 Saberwolf Fleet Destroyer - DF - 5 kdT - SL  
Block 1 version

Config L1: Agility -1

Saberwolf SSD based on the T20 design in QLI's Traveller's Aide #7 'Fighting Ships'. This can be purchased as a PDF file from QLI directly at <http://www.travellerrpg.com/> or from <http://www.RPGNow.com/> and is well worth the money as a collection of Solomani Rim War Era ships.
